There are several causes which will conspire to bring about this result-a result greatly to be desired by every friend to the agricultural and mechanical interests of the country; for it cannot be denied that our State Fairs have never been all that they should and might have been. In the first place, the rule requiring all competitors for premiums to be of this State has been done away with, and competition is invited from all parts of the Union. Secondly, no fee for entry will be charged in any department; and in the third place, four of the premiums On the Nashville and Chattanoogo Railroad, will are of \$500 each, a much larger amount than commence running on the 22t of July in clove conhas ever before been offered. These things combined will greatly augment the competition in almost every department, and will have a tendency to render this Fair more worthy of our noble State than any of its predecessors. For the benefit of the owners of extra fine stock, we append a list of the

more attractive premiums: For best blooded Stallion, 4 years and upwards.... \$500 best Stallion (Harness Stock.) 4 years and a selst him in winding up the business of the old
